Teaching Opportunities at NCCS Competition 2401 (1.0 FTE)

North Cariboo Christian School offers classes from Kindergarten to Grade Nine and is accepting applications for full-time Teachers for September 2024. Possible job sharing options are based on individual availability and school needs. Specific grade placement will be determined based on need and suitability.

We would like to hear from you if you hold a B.C. Teaching Certificate or Independent School Teacher Certificate, have an active Christian faith, and have a desire to teach in a school that is committed to education with a Christian Worldview: a school that values collaboration, mentorship, and creating inspiring educational experiences within the liberty of an independent, interdenominational Christian School setting. Experience smaller class sizes, a supportive family environment, and many other perks by working at NCCS!

First year teachers at NCCS earn \$52,166/year (2023-24), receive a competitive benefits package, and pay no union dues. A complete job description can be provided through our office and more information about our school is available on our website at www.nccschool.ca. Quoting the competition number in the subject line, direct your cover letter and resume to our Principal, Pieter van Jaarsveld, at principal@nccschool.ca. This competition is open until filled.

NCCS, located in the Cariboo city of Quesnel, BC, is celebrating 30 years of educating students. See www.quesnel.ca for more information about Quesnel.
